

# The Mixtape

## Full Bio

The Mixtape formed in the spring of 2024 from a local Craigslist ad seeking musicians that were interested in putting together a new project unlike any other. The ad described building a setlist filled with 90's/2000's Rock and Grunge hits from bands such as; Linkin Park, Pearl Jam, Smashing Pumpkins and many others that do not get played by other bands. The Mixtape's vision is to bring the authenticity you would expect from a tribute band, but for an entire genre.
